# AKIRA

*a "jewel" power boat*

## *Specification:*

An impressive power boat, a "jewel" available for high-end daily cruises in ATHENS, PORTO HELI, CYCLADES ISLANDS, IONION or as an accompanying vessel.

A spacious walk-in aft and a large three-person sundeck forward are two of the many unique features of the striking Wajer 38. And behind the elegant, streamlined windscreen and striking wood or carbon fiber frame is a contemporary and exceptionally stylish interior.

The unique cockpit layout of the Wajer 38 ensures that the helmsman has **perfect lines of sight** all around without being isolated from family, friends or guests. The elegant convertible hood provides protection for **up to 12 people** in all conditions. The effective spray rails are dynamically integrated into the hull design. Combined with the flared bow, this keeps the cockpit dry without affecting the yacht's performance. The Wajer 38 is fitted with **two powerful diesel VOLVO PENTA D6 of total 870HP in combination with IPS600 dual propulsion**, providing greater ease of operation, precise steering, as well as higher performance and a remarkable top speed of 45 knots.

## *Design:*

Observers are instantly moved by the beauty of their understated lines, the distinctive shape of the window and the remarkable flare of the hull. You too will appreciate every element of a vessel that is crafted entirely by hand from the finest materials.

Wajer yacht is characterized by his highly distinctive design.
